**FinanceCube** is created to serve the needs of financial advisers, discretionary asset managers and private banking. FinanceCube provides a unique portfolio management service across asset classes, currency types, time zones and regions. FinanceCube enables advisers to manage client portfolio effectively at an affordable cost.

FinanceCube has developed innovative new web based software, host the internet server and connected the server to the financial marketplace and key providers like Morningstar, Financial Times Interactive Data and many more. Easy and totally secure.

## **New Investor**

FinanceCube is glad to introduce our new shareholder Vollvik Invest AS. Vollvik Invest AS is own by Mr. Idar Vollvik, Norway. Mr Vollvik is a serial entrepreneur and made some 100 million Euros when he last year sold his latest adventure Chess Communication, a mobile phone operator, to TeliaSonera of Sweden.

From now on we will have the financial force we need to reach our goal of becoming the number one service company for our market in Europe. We will build a remarkable sales force in Europe and prepare for USA and Asia within 12 months. Our product has been in the market for one year, and we will also focus on further development and new functionality to make sure our technology always is in front.

FinanceCube will be the most innovative technology provider in Europe.
